PROFESSIONAL EXPERIENCE

BETHANY CHRISTIAN SERVICES

December 2020 - Present
Director of Design & UX

In addition to leading the Creative Team, I lead our digital marketing, user experience, and systems efforts. Our team's primary focus areas are Orchard CMS, analytics and reporting, CRM, and UX within the Marketing team. We are currently putting policies and procedures in place to help increase our staff's capabilities and workload to help drive results and give further insights into our marketing efforts.

BETHANY CHRISTIAN SERVICES

September 2019 - December 2020
Creative Director

My team consists of creative and print production staff. In year one, I managed a budget that saved 25% in cost reductions. Implemented Agile marketing methodologies, digital asset management, and project management software and created efficiencies that improved staff morale, design quality, and overall productivity.

ZONDERVAN

February 2013 - September 2019
Senior Lead Web Designer

Created and led the design process in content-driven and e-commerce websites, iOS apps, large divisional email campaigns, and landing pages while emphasizing responsive and user-focused design. Also worked with various marketing verticals to provide key deliverables for multiple marketing campaigns to drive revenue.

ACCIDENT FUND

January 2009 - February 2013
Graphic Designer

Led and managed projects from initial design to final production. Participated in brainstorming for strategic communications development, assisted with scheduling and cost budgeting, estimating projects, and provided proof of concepts for data visualizations, company Intranet, and other major marketing initiatives.

IDV SOLUTIONS

UI Designer
September 2006 - October 2008

Designed and coded e-newsletters; developed logos and branding; created various print, Web, and Flash designs; produced demonstration videos for Web use; constructed proofs of concept for clients. Worked on UX for our flagship software and custom client projects.
